ABOUT

North Central Florida CARE Consortium is a group consisting of public and private healthcare and support service providers, community based organizations, individuals with HIV and other persons interested in improving HIV services.

Ours shared goals are to:

- Reduce HIV infections
- Support quality health outcomes for HIV-positive persons
- Eliminate disparities and inequities
- Collaborate widely to end the HIV epidemic

The North Central Florida CARE Consortium meets six times a year in Gainesville and Ocala. Join us! The calendar is printed on the back of this page.
